

## HAMPTON, PHOEBUS AND OLD POINT—Continued.

TO DUMP DERELICTS  
ON CRANEY ISLAND

United States Government Makes  
a Request of Virginia State  
Board of Fisheries.

## MR. LAWSON ENDORSES REQUEST

Matter Referred to the Oyster In-  
spector of Elizabeth City County,  
Who Thinks Most Favorably of  
the Proposition—Scheme Means  
Great Deal to the Authorities.

The United States government has  
applied to the State Board of Fish-

eries of Virginia for permission to  
use Craney Island flats as a dumping  
ground for all the hulks of derelicts  
ground for all the derelict vessels in  
Hampton Roads and Norfolk harbor.

The request of the government was  
referred by the board to Mr. William  
E. Lawson, the oyster inspector of  
Elizabeth City county, and Mr. Law-  
son spent yesterday in Norfolk in  
conference with Major Taylor, the  
United States engineer at that point.

Major Taylor pointed out to Mr.  
Lawson some of the advantages the  
government would receive by dump-  
ing the derelicts on Craney Island  
flats and added that the proposition  
could not in the slightest interfere  
with transportation.

After carefully looking into the mat-  
ter Oyster Inspector Lawson has ar-  
rived at the conclusion that the re-  
quest should be granted and he will  
send a favorable report to the board  
of fisheries. There seems to be no  
doubt but what the board will con-  
firm Mr. Lawson's decision.

Every day some officer is haled into  
court and fined for allowing the bulk  
of a derelict to be left in the waters  
of Hampton Roads and Norfolk har-  
bor and the government's decision to  
make Craney Island a dumping ground  
for such wrecked vessels will no  
doubt receive the commendation of  
seafaring men.

EXPOSITION HOTEL  
FOR OLD POINT

Strong Company Formally Organ-  
ized With G. A. Schmeltz as  
President.

## GEORGE F. ADAMS TO MANAGE IT

Howard W. Saunders is the Secretary  
and H. H. Kimberly the Treasurer  
of the Concern—Building to Have  
200 Sleeping Rooms, and Will Be  
First Class in Every Particular.

The "Exposition Hotel Corporation,"  
which proposes to erect a 200  
room hotel for sleeping purposes on  
the point of the old crematory at  
Old Point, was formed at a meeting  
of prominent business men in the  
office of Jones, Saunders & Co. last  
night.

The hotel will be an annex to the  
Chamberlin Hotel and the building  
will be used during the Jamestown  
Exposition. It is proposed to have  
200 good comfortably furnished rooms  
and the furniture and building are to  
cost in the neighborhood of \$35,000.

Mr. George A. Schmeltz was elected  
the president; Mr. G. F. Adams vice-  
president and general manager; Mr.  
Harry H. Kimberly treasurer and Mr.  
Howard W. Saunders secretary.

The board of directors is composed  
of the above named officers and the  
following gentlemen: Messrs. Henry  
L. Schmeltz, Frank W. Darling, Albert  
Howe, Jesse S. Jones, and William  
H. White, of Norfolk.

Messrs. G. A. Schmeltz, H. W. Sau-  
nders, G. F. Adams and H. H. Kim-  
berly were made the building com-  
mittee and they were authorized to  
at once proceed with the plans and  
specifications for the building, as well  
as to award the contract and have  
the work commenced at speedily as  
possible.

The success of the undertaking to  
erect a big sleeping apartment on  
Old Point for the exposition is due  
to the work of Mr. Howard W. Sau-  
nders, who formed the company, and  
Mrs. George F. Adams, who secured  
the permission to build the hotel on  
the Old Point reservation.

OLD POINT COLLEGE  
BEATS NORFOLK ACADEMY

Fast Football Game on Lafayette  
Field Yesterday—Only One  
Goal Made.

In a fast and furious, but clean  
football game the Norfolk Academy,  
eleven went down in the dust of de-  
feat before the Old Point Comfort  
College team on Lafayette Field, in  
Norfolk, yesterday afternoon by a  
score of 1 to 0. The single goal of  
the game was made by Gadol, who  
dropped a pretty goal from the Acad-  
emy's fifteen yard line in the first  
half. The Academy attempted to re-  
peat Gadol's performance in that half,  
but Robbins and Webster blocked  
the ball and Daly kicked it out of  
danger.

The game opened with the Acad-  
emy kicking to the College and the  
College ran it down to the Academy's  
fifteen yard line, where Gadol sent  
it between the goal posts for a field  
goal.

In the second half neither team  
was able to gain consistently and the  
half ended without either side having  
had a chance to score a touchdown.

The teams lined up as follows:

O. P. College.	Norfolk Academy
Right End.	Albertson
Gary	Right Tackle.
Webster	Harper
Varelio	Right Guard.
McGhee	Sigler
Robbins	Centre.
Enders	Jefferson
Torney	Left Guard.
Gadol (Capt.)	West
Segar	Left Tackle.
Daly	Bell
Moore	Left End.
Umpires—Joe Curtis, Dickinson Col- lege; Hodgson Norfolk High School. Referee—Barry, Georgetown Univer- sity. Time keepers—Henshaw, Phoebus; Hogan, Norfolk High School. Time of halves—15 minutes.	Foster

The Old Point College team will  
play a return game with the Academy  
eleven on this side of Hampton Roads  
in the near future. It is probable  
that the match will be pulled off in  
Newport News. The college team will  
line-up against the Indian team from  
the Hampton Normal Institute at the  
Casino gridiron in Newport News a  
week from tomorrow.

## FIGHTING THE HEREROS.

German Officers in Africa Picked Off  
by the Native Marksmen.

Some oddities of campaigning  
against the Hereros in German South-  
west Africa are detailed by Col. Bayer,  
of the general staff, in some sketches  
which he has been publishing from  
his personal experiences in the field.  
One point that particularly impressed  
him was the readiness with which  
the Hereros and Hottentots singled  
out the officers at long range.

"It wouldn't have been strange,"  
said he, "if we had worn brilliant  
uniforms, sashes, or other insignia of  
rank. But we didn't. In the presence  
of the enemy we used exactly the  
same uniform and equipment as our  
troops—suits of khaki and cork hel-  
mets, with blue border. We carried  
no swords."

"Every officer carried a rifle and a  
cartridge belt, with 120 rounds of am-  
munition in it, exactly like the men.  
Many of us also wore bayonets. Hands  
faces, hair, uniforms, weapons—every-  
thing came to be of the same earthy  
color. We often couldn't recognize  
one another, and all sorts of funny  
blunders took place."

"In spite of this outward similar-  
ity, the natives seemed never to be  
at a loss to pick out the officers.  
Their extraordinary power of vision  
enabled them to detect the slightest  
sign—a gesture of the hand to control  
the advance of the firing line, the  
use of a field glass, the reception of  
a report was enough to indicate rank."

In one case I remember an officer  
addressed by his superior turned to  
him and instinctively raised his hand  
to his helmet in salute. Instantly  
the fire of the natives was concen-  
trated on them, and the superior was  
killed."—Washington Post.

## The Dread of Riches.

The man of \$10 a week income had  
just been rejected. Vainly he pleaded  
to have the case reopened.

"No, George," said the girl firmly  
"I have read that all millionaires be-  
gin on \$10 a week or less, and I deem  
myself unworthy to be the wife of a  
millionaire. Some poor fellow with  
about \$20,000 a year might catch me,  
though," she added thoughtfully.

## Infant Nephew Kills Aunt.

Hazel Maze, four-year-old daughter  
of George Maze, of Midway, this coun-  
ty was shot and instantly killed by  
her five-year-old nephew, Wallace  
Chambliss, this afternoon.

The two children had been given a  
supposedly unloaded revolver to  
play with and one cartridge remained  
in the cylinder and was shot by the  
boy in the presence of the children's  
parents.
